Team, attached you will find my comments on the transmittal letter for the "gaps". I think this letter needs to have a less regulatory tone than it currently does. So, my edits are in that vein. I will want to share this letter with Dennis (and Will). I think they will both want to weigh in on the final and tone will matter. I'll wait to do that until tomorrow afternoon to give you all a chance to let me know if there are any final tweaking edits we should incorporate. Thanks much.

Hi Jayne--

Thanks for drafting. Looks good. See a few suggestions I had attached. From the latest email traffic between Will/Dennis, looks like they are still working with Whitman to decide on the best way to formally convey this info so we may need to adjust some based on further feedback from them...I'm not sure where that is now. However, I hope that wouldn't delay us getting something to the state ASAP requesting a commitment from them for addressing the additional MM for forestry as we really need to get the ball rolling on that aspect.

Hi All,

See attached for an initial draft cover letter to Oregon providing *Options for Oregon to Satisfy its CZARA Requirement to Adopt Additional Management Measures or Forestry* document, requesting a written commitment and a plan. Please provide your comments to me by COB April 1.

This is an action Item from March 25th Oregon CZARA Managers' Meeting.

Below is the email Christine sent to Dennis and Will yesterday and I have attached the "gaps" document.

Dennis and Will, I understand that you will be sharing the "Gaps" document with the State sometime next week. I cleaned up the latest version that had Will's comments as of yesterday and made a few more tweaks. Attached is a clean version of the document dated 3/26/2015 to share with the State. Would appreciate hearing from you when the document is transmitted to the State.

Please let me know if you have any questions. Thank you.
